WELCOME NOTE OF FIRMNESS ENTERS BRITAIN'S AS RIFT IN TOKYO GROWS EVER WIDER

No Orders Yet For Craigie: No Talks Under Pressure

LONDON, Aug. 10 (Reuter).—No instructions have yet been sent to Sir Robert Craigie, Reuter's diplomatic correspondent understand.

Official circles have as yet no knowledge of the reports that the Japanese military mission intends to leave Tokyo next week if negotiations are not resumed. It is stated here that the British Government's attitude has always been that no negotiations would take place under pressure.

The question of the surrender of the four men held in Tientsin is regarded as entirely outside the political settlement, and the evidence submitted against these men is now being examined here by legal authorities.

SHARP COMMENT BY "TIMES"
LONDON, Aug. 9 (T/Ocean).—Japanese impatience in the Tokyo negotiations was criticized by the "Times" this morning.

"Japanese required three weeks to formulate her extensive and complicated series of proposals and demands and she must realise that time for consideration and replying is also necessary."

The paper then states pointedly that the atmosphere at the negotiations has not improved by the "awkward" attempts at intervention by the Japanese army.

ITAGAKI SEES EMPEROR

TOKYO, Aug. 9 (T/Ocean).—The Japanese War Minister, Gen. Itagaki, was received by the Emperor to-day at the latter's summer residence to report on the latest discussions on the international situation and the attitude of the Japanese army regarding the question of foreign policy.

Gen. Itagaki was accompanied by Gen. Katsuke Fujie who had just returned from the war zone in Central China. He informed the Emperor of the situation at the front.

Scathing Denunciation Of Wang In Chinese Press

DESERTER FROM NATIONAL CAUSE IS BRANDED AS ARCH-TRAITOR

Wang Ching-wei's broadcast speech delivered from Canton on Wednesday night arouses scathing comments in the Hongkong Chinese press.

The "Ta Kung Pao," in a leaderette, remarks that Wang was saying things which even the Japanese have found embarrassing to mention. He was, in effect, persuading the Chinese to forget their own country and to surrender to the Japanese without further resistance.

The "National Times" says that Wang was acting as the mouthpiece of the Japanese. His "peace" formula can never be acceptable to the Chinese.

Wang, the journal states, is evidently at his rope's end. Not welcomed in Nanking, Shanghai and elsewhere, he was compelled to go to Canton. As he knew well that he alone cannot achieve "peace," he tried to appeal to the civil authorities and military commanders at the front and in the rear, especially those in Kwangtung, to help him, but in this he is bound to fail.

The journal expresses the belief that if there is no response to his appeal within two months, he will surely be kicked out by the Japanese and cannot even retain his position as a puppet.

CHINESE ENVOY SEES HALIFAX

LONDON, Aug. 10 (Reuter).—Mr. Quo Tai-chi, Chinese Ambassador to the Court of St. James visited Lord Halifax at the Foreign Office to-day. The conference lasted three quarters of an hour.

CHINA WAR NEWS:

NANKING SUBURBS UNDER CHINESE CONTROL: FRESH ATTACK IN HUPEH

CHUNGKING, Aug. 10 (Central).—Vital points around Nanking are in control of Chinese troops, according to a Shanghai message.

As a result of the disruption of communications, people in the city are finding it difficult to secure food, and other daily necessities from the suburban districts.

The latest air raid on Nanking was staged by nine Chinese machines on July 27. Bombs were dropped on the Japanese aerodrome outside the Chung Hwa Men Gate. Japanese anti-aircraft batteries fired furiously but failed to hit any of them.

AN UNDISCLOSED PLACE.
SHANTUNG, Aug. 10 (Central).—Chinese forces in South Shantung have been launching a series of attacks on the Japanese at Felshien and Lin, scenes of bloody fighting last year. Considerable losses have been inflicted on the enemy.

More than 200 Japanese officers and privates were killed and wounded on Monday when a Japanese troop train on the Kiaotai Railway struck a mine laid by Chinese units. The train was completely wrecked.

Fresh Attack
SHANGHAI, Aug. 10 (Central).—The Chinese are launching a fresh counter-offensive on Chungkiang, on the Han River in Central Hupeh. Huangmiao, Changchiatai and other strategic points in the neighbourhood are reported to have been recovered.

LUGGAGE VANS STILL MYSTERY

LONDON, Aug. 10 (Reuter).—The two luggage vans which disappeared from trains from Birmingham and Leicester were found in a goods yard in Cambridge and were sent immediately to Scarborough. How the vans came to be at Cambridge is still a mystery.

It was explained earlier that labels on the luggage of holiday-makers had been washed off by rain and the vans had been placed in some obscure sidings.

JEWISH REFUGEES FOUND EXHAUSTED

HAIFA, Aug. 10 (Reuter).—Three hundred Jewish refugees were intercepted by marine police when they were found in five lifeboats cruising outside Haifa. They were wearing lifebelts and were in an exhausted condition.

The refugees were apparently transferred at sea during the night from an unknown steamer.

METAL FOR MURDER

COPPER MERCHANTS THRIVE AS WAR FEAR GROWS

LONDON, Aug. 10 (Reuter).—The copper production quota has been raised from 95 to 105 per cent. on basic tonnage, with effect from Aug. 16.

The decision came as no surprise to the London metal exchange.

Well-informed quarters point out that as a result of the recent heavy world-wide demand for copper, many producers had sold well ahead, and to-day's announcement is undoubtedly intended to forestall the possibility of a runaway market in the autumn.

The opinion is expressed that the higher quota will exercise a steady effect on the price of copper in the immediate future, but the position of the metal is now so sound that the 5,000 to 6,000 tons monthly which will thus be released will be absorbed most easily.

World consumption is now reported to be running at the rate of about 2,000,000 tons annually.

REINFORCING DEFENCES OF NEL

THE HAGUE, Aug. 10 (Reuter).—Leaders of different parties represented on the National Council have proposed a motion urging the necessity for reinforcing the defences of the Netherlands East Indies.

It is considered that special attention should be given to the navy and air force both from the defensive and offensive point of view.

RIBBENTROP & CIANO TO PLOT AXIS MOVES

Spain, Yugoslavia, Hungary Within Purview Of Parleys

BERLIN, Aug. 10 (Reuter).—Danzig will be one of the first problems to be discussed when Herr von Ribbentrop and Count Ciano meet shortly at Salzburg for a conference on foreign affairs.

It is pointed out that while Danzig is clearly a problem affecting the entire axis it is, in itself, much more Germany's affair than Italy's, and Herr von Ribbentrop and Count Ciano will presumably discuss a number of other matters more directly involving Italy, including the position of Hungary and the South Tyrol migration. It is recalled that Herr von Ribbentrop saw the Hungarian Foreign Minister two days ago.

Spain and Yugoslavia and the question of Japan's joining the axis are other matters certain to arise during the conversations.

The meeting of the two Foreign Ministers will be given plenty of publicity as another demonstration of "axis solidarity in the face of the threat of encirclement."

EARLIER MESSAGE

BERLIN, Aug. 9 (Reuter).—It is officially announced that the German Foreign Minister, Herr von Ribbentrop, and Count Galeazzo Ciano, Italian Minister of Foreign Affairs, are meeting shortly to discuss questions of foreign policy. It is understood that Danzig will be the first question on the list.

The meeting of the two Foreign Ministers is possibly the basis of the recent rumours that Herr Hitler and Signor Mussolini would be meeting at the end of August to discuss the Danzig situation. It is pointed out, however, that the two dictators have no need to stage an actual meeting to talk about these matters unless they have special reasons for desiring publicity.

It is doubted here whether Herr Hitler is particularly anxious to give the impression that he is relying on Duce's judgment to the extent of consulting him immediately before his Tannenberg speech, which he is due to make on August 27 and his speeches at the coming congress of the Nazi party at Nuremberg.

WOMAN DIES FROM POISONING

Suffering from lysol poisoning believed to have been self-administered in a room in the Hotel Cecil yesterday, a Chinese woman was removed to the Queen Mary Hospital where she died.

The name of the woman is believed to be Pui Tsui.

Police investigations are proceeding.

MR. CHURCHILL SAYS

If Hitler Does Not Make War There'll Be No War

Mr. Winston Churchill in the course of a broadcast speech to America on Wednesday night said the Nazis said they were being encircled. They had encircled themselves with a ring of neighbours who had to keep guessing who would be struck down next. That kind of guess work was a very tiring game. Other countries, especially small ones, had long ceased to find it amusing.

"In Germany on a mountain peak there sits one man who in a single day can release the world from the fear that now oppresses it or, in a single day, can plunge all that we have and are into a volcano of smoke and flame. If Herr Hitler does not make war there will be no war. No one else is going to make war."

"Britain and France are determined to shed no blood except in self-defence or in defence of their allies. No one has ever dreamed of attacking Germany. If Germany desires to be reassured against attack by her neighbours she has only to say the word and we will give her the fullest guarantee in accordance with the principles of the Covenant of the League."—(EWS).

Foerster To Be Hitler's Proxy In Danzig Speech

"SURPRISE" PREDICTED: REICH RADIO STATIONS TO BROADCAST TEXT

PARIS, August 10 (Reuter).—Herr Foerster, Nazi leader in the Free City, intends to spring a surprise in his speech at Danzig to-night.

He is stated to have expressed this intention in a statement to newspapermen on his return to Danzig from a visit to Hitler for whom, virtually, he will speak. This statement is published in "L'Excelsior."

Herr Foerster is reported to have added that Danzig would "very soon return to the Reich" and that he would "prove to the world that our claims are just."

The Nazis, he said, knew very well that their appeals would be rejected. They would take action only if action appeared to be the only way of gaining satisfaction. Personally, said Herr Foerster, he did not believe in war. But for

CHELSEA SEEK NEW PLAYERS

PREPARING FOR COMING SEASON

When the new football season is begun next month, Chelsea—under new management—will cast a net over England for fresh players. Mr. William Birrell, dark, thick-set Fifehire man, 40 or thereabouts, who has taken executive control of the club, told me in broad accents about his plans to-day (writes a Home correspondent).
"I have four positions in mind for strengthening," he said. "Naturally I cannot say what they are, but we have about three players in mind for each position. Directors, scouts and myself will be watching them."
"Naturally, they are men likely to be available; it's no use wasting time over men who are not."
"What I would specially emphasise is that it is no use expecting me to wave a magician's wand to take the club to the top of football. Such magic just doesn't exist in real life."
"It is a matter not of weeks or months, but of years. Whenever I sign on a player I have got to think not only of his present value but of his value in five years' time."

INDIVIDUALITY

"Chelsea can be made the leading club of London. Winning or losing, they have individuality—though I'm not saying that individuality has always been enviable."
"The club have glamour; attract a great cosmopolitan crowd; might become the fashionable metropolitan club. Well, we're making a fresh start now—a level start in finance as well as playing possibilities. Don't think the club has the Bank of England behind it; it hasn't. But we owe no one a penny, and our crowd are very loyal."
"Again, don't expect that magician's wand. A builder's outfit is more useful."

THE ARMY

NEW MACHINE GUN

The Besa 15 mm heavy machine gun, which was first publicly referred to on the occasion of Mr. Leslie Burgin's visit to a new small arms factory in the Midlands, is a general utility weapon with excellent performance. Based as to its general design on the Bren gun, it differs from that light weapon in that it is belt fed and projects a heavy bullet with a high initial velocity.

The diameter of the bore, approximately 1/2 in., is smaller than that of some of the continuous fire weapons now in use in Continental armies, but the reduction in calibre, and therefore in weight, of projectile is offset by ease in handling both the weapon and the ammunition.

The general principles underlying the choice of a heavy machine gun are generally that it should be capable of use as an anti-aircraft or anti-tank weapon, be mounted in tanks or

Thailand Tennisers Arrive

Muang Roeng, Sanoh, Captain Kasom Chatkavanij and Miss Sanguan, Thailand tennis players on a goodwill tour, arrived in the Colony yesterday by the Empress of Russia.

Arrangements for the Interport with Hongkong have been finalised, and a change has been made in the original programme. It was earlier intended that the matches should commence to-morrow, but it has now been decided to make a start on Monday instead.

Therefore, the Interport will be played on Monday, Tuesday and Wednesday.
It is now announced that Miss Madge Griffiths, who had been selected to play against Miss Sanguan, is going away and cannot take part in the programme. Her place will be taken by Mrs. Chiu Chun-chiu.
The following is the re-arranged programme:

Monday: Sanoh v. Tsui Yun-pui; Muang Roeng v. Tsui Wai-pui.
Tuesday: Miss Sanguan v. Mrs. Chiu Chun-chiu; Sanoh and Kasom v. S. A. and H. D. Rum-jahn.

Wednesday: Sanoh v. Tsui Wai-pui; Muang Roeng v. Tsui Yun-pui.
Capt. Kasom Chatkavanij is the captain of the visiting side.

The Interport matches will take place on the Hongkong C. C. courts, play commencing each day at 4.15 p.m.

The visitors had a knock-up at the Kowloon C. C. yesterday afternoon, attempting nothing very serious, but just "loosening up."

VACATION TOUR

ENGAGED wishes to join a group of eight people and tour Indo-China on her vacation. Her fiancé will be included in the group. There will be an escort for the tourists. Is it proper and correct to make the trip under the circumstances?

If the tour is organized purposely for young people, as so many European tours are, with an escort that can be said to take the place of a chaperon, then this would be proper. But to go on a general public tour, which has no personal supervision, would be a questionable thing to do, and if such is the case I advise you not to go.

TWENTY-FIVE

Twenty-five, is a well educated young woman with a business career which is quite profitable. There is a man, 47 years of age whom she has known for one year, he has lately proposed marriage, and she does not know what to do. Yes or no? She would like to marry him, but then it would not be a terrible task to refuse.

There is such a thing as being too independent, and, from your letter I believe you are so inclined. You have brains, education, a good job and are fairly popular, and at the present time that is all you are asking of life though you did not actually admit it. But stop and think a minute, ten years from to-day, no doubt you will be comfortable financially, have a nice home somewhere, in fairly good health and have friends, but let me tell you, something will be missing. It will be the personal side of your life, you will commence to feel lonely, your outlook on life will become hardened through this loneliness. Most women in the world look forward to children, a happy home life with another person, and someone to depend on and have as a companion in their growing years. As youth leaves you your chances become smaller in finding such circumstances. There are people, who have married after 25 years of age who were not desperately in love with each other, but through the years a deep, sincere love came into existence and lasted longer than blind love and passion. Study the character of this man, not what he has to give you materially. If you come to the conclusion that all he is looking for is a "place to light" start running in the other direction. However, if he has intelligence, security, a sense of humour and respect for you, think twice before saying "no".

CORRECT WEAR

BRIDE-TO-BE will be married in a few weeks at a five o'clock wedding which will be formal. Her father does not wish to wear dark trousers and a white dinner coat, what is the correct alternative?

Your father may wear a plain black dinner suit, tuxedo. In fact, all black would be a better foil for your white bridal costume than black and white. It is not out of place to have your four bridal attendants attired in floor length, white, afternoon gowns. The white and black scheme will be unusual and outstanding.

GOOD MANNERS

Dear Faith Prior: I don't think I am ignorant, and in fact, my mother would be astonished if she heard me make the remark. But I have been taught several polite ways and means of conduct particularly regarding hotel dining in mixed company, which do not seem to be observed in Hongkong. For instance: six men and women are at dinner, doesn't the man order the menu, and when a man and woman rise from the table to dance leaving the others, isn't it the man's place to say "Excuse us?" Shouldn't he escort the lady back to her chair, not just to the table? When the lady wishes to leave the dining room shouldn't he escort her to the door and await her return? Isn't he supposed to take her cloak check and take care of the tip at the end of the evening? I thought so! Enquiring.

Dear Enquiring: Sometimes if the escort is too offensive and not really ignorant, some are that way, try sending him a book of etiquette with your personal card inside. Regarding the menu, if there is not a main host, the escort of each lady should order the menu after conferring with her. Too, you are correct about leaving the table to dance when others remain; the man should excuse the two of you. Definitely he should return you to your chair and hold it for you. However, in many cases nowadays the lady may leave the dining room with another lady in the gathering, it is not absolutely necessary for the man to escort them, but it is a nice gesture. In many public places you check your own coat in the lady's dressing room. You may give the check to your escort and at the end of the evening secure it from him, at said time he will offer you a tip for the matron or amah; however, it is not impolite if he does not, many times you keep your own check and take care of it yourself.

Toilet Water Tricks With

For hot weather have you tried this, new "pick-up"? Sprinkle a few drops of toilet water in a bowl of water filled with ice-cubes, to bathe your wrists and temples. This is also refreshing for the invalid and feverish person.

Keep a bottle of your favourite toilet water in the ice chest for a cool dousing after your hot bath or shower.

Another dainty personal procedure is to line your lingerie cabinet or drawers with some absorbent material (such as blotting paper or felt) scented with toilet water.

Have you ever tried toilet water for a quick-drying hair set or re-touching your waves? It is very satisfactory and leaves a delicious fragrance lasting many hours.

When you shampoo your hair, add a few drops to the final water rinse.

And for a fragrant tubbing, add a little to the bath water.

FINGER BOWLS

Finger bowls at your formal dinner. A drop of toilet water with a "pine" scent into the cool water in the bowl is very pleasing to the male and female guest.

When the nights are hot and humid and sleep seems far away try a few drops of toilet water of a light odour on your pillow cases. It will definitely help and be very soothing.

Young ladies, sprinkle your cleansing tissues with your favourite toilet water, it will refresh you a bit at the end of a hectic day.

A little sprayed in the moth chest will give your clothes a pleasant fragrance when you take them out this autumn.

And after a wearying day of shopping on your feet, try a scented foot bath with the epsom salts, too.

Add a few drops of toilet water when your lingerie is rinsed, it will not harm the silk or cotton textures and a faint odour will remain.

A few sprays inside your gloves will keep your hands smelling nice and will be pleasing to you and your companion.

AUTUMN'S FASHIONS

New Models Elegantly Sophisticated

What to do about styling for the coming fall? The Paris openings are telling the story. "Little girl" fashions of to-day are doomed, the well dressed ladies of the autumn and winter will be their age in styling and wardrobe.

The new models are elegantly sophisticated as the 18th century courtier, according to the fashion experts in the style centres.

Rosevienne's full collection introduces the Regency riding coat silhouette with a "Winged Victory" shoulder-line. Tailored black town suits have figure-moulding jackets which reach just below the hip-line. They are garnished with applications of black velvet outlined with different kinds of braid.

For instance, a black velvet four-leaf clover is outlined with soutache. Silk cording, plaited transparent paper and strips of accordion-pleated velvet are also used.

The "Winged Victory" shoulder stands out at right angles, giving a peaked effect. Sometimes there is a set-in strip of braid or a gold chain, but the same shoulder-line runs through the entire collection.

THE NEW SHADES

The new colour tones introduced by this house include tapestry pink, carbon blue, grenadine, faded yellow and gold-shot-black. These shades go particularly well with fur coats. Faille embroidered and lace is used, on the afternoon frocks. Duchesse satin, lame and wool are all popular for evening dresses, many of which had the "Winged Victory" sleeves.

There is a group of gold, molten copper and flowing silver evening dresses, which are draped from one shoulder across the front of the corsage to the opposite hip.

The beautifully tailored black crepe, wool-crepe and cloth dresses at Lucile Paray-Jenny are worked with fagoting or fine lace insertions.

Another has a narrow gilt and green belt fastened with a

little green crocheted old-fashioned purse. The sleeves are all long, tight-fitting and cuffed, the neckline high and slightly draped. A new shade of misty blue is used for plainly tailored woven dresses under duveten coats. Some of the suits are in a deep olive green shade, and all of them have extra long tight-fitting jackets.

Skirts, have gone down an inch or two. Skirts, jackets and coats fit snugly at the waist and swing out at the back. The waist-line is doing its best to sink a little lower, although belts are placed at the normal line and a line below this is slightly accentuated.

Plaid and plain mixtures are going to be popular. Paris has always loved a plaid and with the slightest excuse will mix it into the prevailing fashion. Matt-sur-faced woollen and crepes are used for street dresses. The smooth luxurious satin broadcloths, will be popular for coats. Velvets and velveteens are being mixed with every type of fur. Jacquard silks and moires are used for afternoon dresses and dressy shirt waists. Shoulders are still squared out, the tops of sleeves are draped, necklines are high, and two new colours are duck-egg blue and a coppery shade of red.

The tall colonial hats are draped, and this next winter your hat will be banded under your chin by a vast quantity of drapery held in place by large gold pins. Curious tusks jut out sideways from crowns and draped turbans.

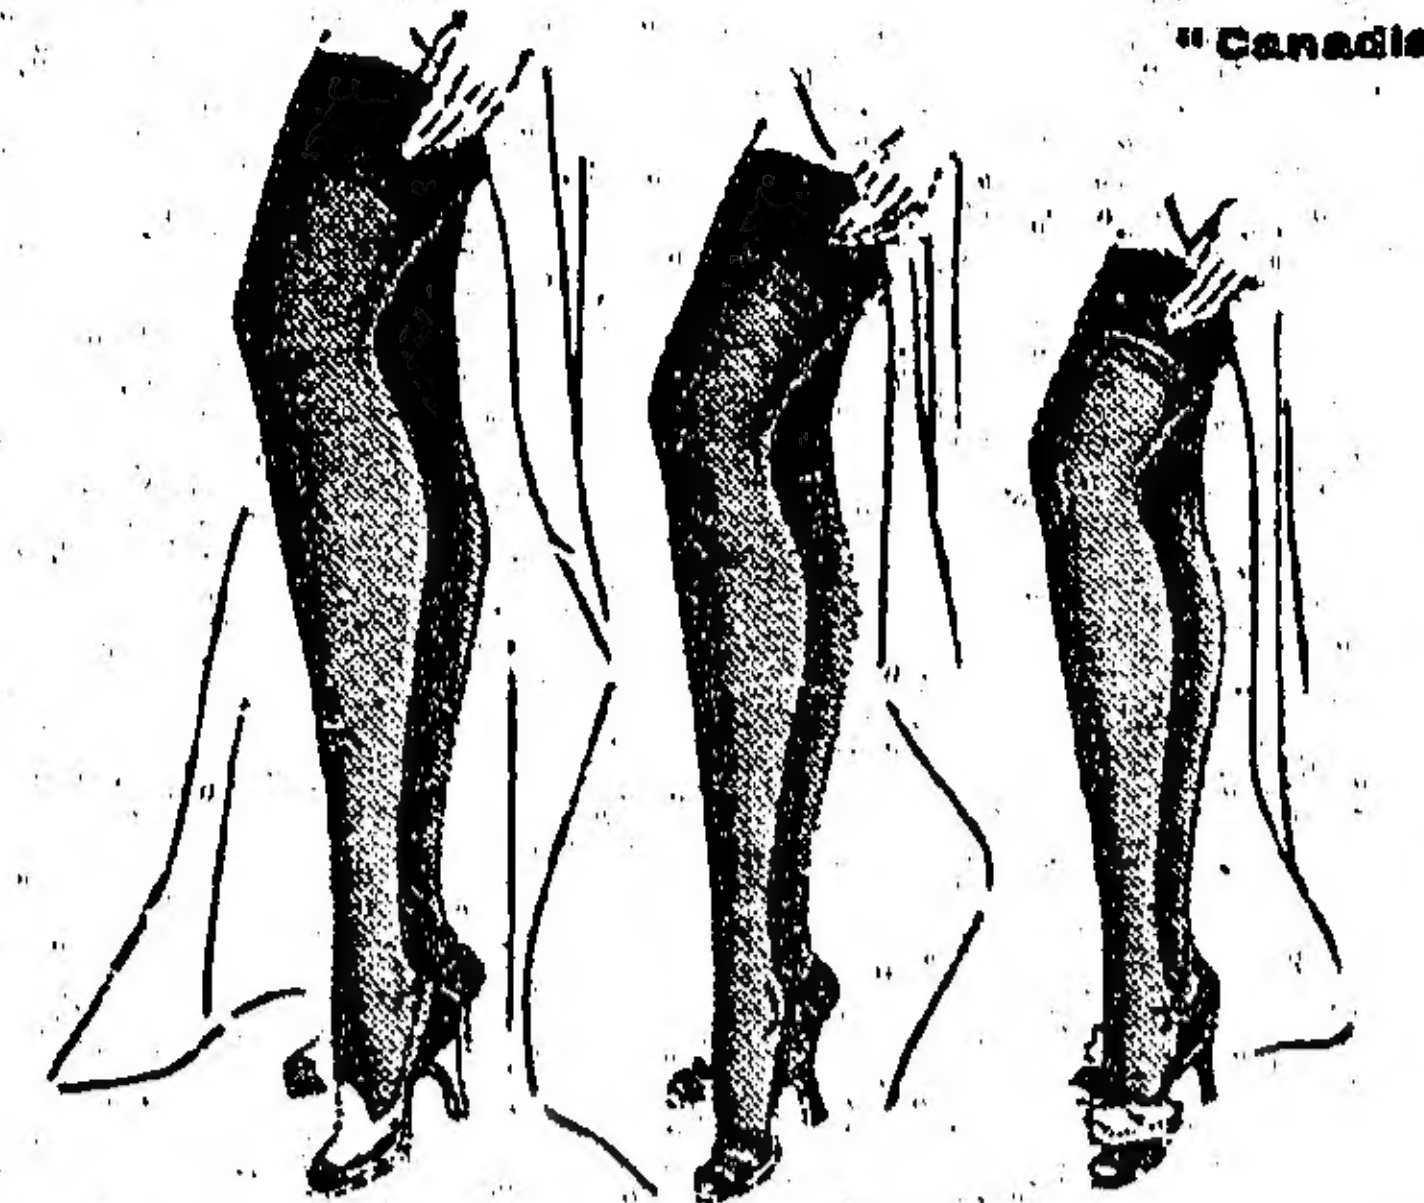

Glided ferns and feathers, curled ostrich plumes, striped ribbons and revolutionary tricornes have all put in an appearance.

LADIES' SALON

LANE, CRAWFORD, LTD.

ROUND THE SHOPS

The autumn fashions will be coming to town the end of this month, and you know perfectly well that you can't wear many of them in our climate until, at least, the end of September. But with all the excitement of new winter models you will find that few summer wardrobe accessories will be available. The middle of this month should see all the sale signs down and stocks just about sold out.

The above is definitely a last warning!

"DEAUVILLE"

Not travel this time—but the brand name of the famous Canadian stockings, LANE, CRAWFORD have just received new shades and restocked their size range in this particular hose which seems to wear so well in our climate.

"Gadabout — Sunny — Burnt Sherry, Tang, Confetti, and Yum Yum." All the new shades and most expressive, they mean exactly what they are named; you'll see when you wear them on your legs.

The size range is from 8 to 10, and in three leg lengths, short, medium and long. The texture of these hose is well known and all three grades are equally popular. The serviceable chiffon streamlines your leg and wear a bit longer, excellent for the lady who is on her feet a great deal. The crepe stocking is very smart and sophisticated and of course the chiffon texture is ultra dressy and chic.

Another advantage about "Deauville" hose is the price, these mentioned above sell at \$3.50 and up—you will agree, well worth it in quality!

PREVIEW

Just a sample of what the style will be from September onward through the winter can be viewed in BEVILLE'S, the specialty shop in the Arcade.

Street costumes in light weight wool crepe with matching fingertip jackets are smart and very wearable styles. The jackets are loose back and fitted too; this year again there will be many styles to suit the individual.

Many women will welcome the continued popularity of silk jersey knit materials tailored in day and dressy afternoon styles. One particular garment in grey displayed in this shop, has a match chapeau. If you remember, this particular material does not crush and just wears and wears.

A few afternoon cocktail frocks are in the preview group. The sleeves are long, fitted at the cuff and have the "Wing Victory" shoulder feature. The skirts are

gling locks you can afford to display. Style your hair as smartly as your granddaughters do, but avoid sharp corrugated waves. When waves are soft and shadowy, they are kinder to the face. Your scalp needs the stimulation of regular brushing, so don't spare the bristles if you want lively, glossy hair.

GRANDMOTHERS STAY BEAUTIFUL

To-day's grandmothers are up and doing and their engagement pads have few blanks. Many women of this age are holding important executive positions, while those women of leisure lead exceedingly active lives. Nor do they need to bear the marks of their years in face, figure, or clothes. The doors to beauty and fashion are open to them.

But it is true, that older women must be especially enterprising about their appearance.

What, then, do they need to retain their good looks?

Good Circulation

Keep a young point of view, and refresh your youth by close contact with younger people. A brisk step, bright eyes and a healthy skin depend upon a good circulation; that because the blood stream becomes more sluggish the older a person grows, its action needs to be accelerated. Depend on out of door exercises, take brisk walks of a mile or two daily.

When you walk for exercise breathe deeply as you swing along, see that your lungs are not cramped by faulty posture. Make a point of drawing yourself up erect, lifting the torso from the pelvis and the neck from the shoulders. This not only frees your lungs for better respiration, but helps to ease years from the figure and chin line.

If you can't take exercise, massage is an excellent substitute, and it yields the best results when taken regularly.

Frequent Facials

Treat yourself to frequent facials. Your skin needs the stimulation of massage and patting. Get a reliable specialist to prescribe the creams you need and show you how to apply them to avoid harmful pulling and stretching. Three minutes of creaming your face well every day will yield infinitely better results than a thirty-minute scrub once a week.

Use a delicate shade of make-up, applied high on your cheeks, and put it on with a sparing hand in the boldest light you can find. If make-up is too obvious, the effect is harsh and aging. Remember, too, that your skin tones change, as the years accumulate, and powder needs to be as dark as your skin (if not darker). In order to look natural, to soften the expression, and to give a healthy

The old idea of putting a spot of perfume behind the ears is demode. Spray it on. This is the only way to get it evenly diffused, so that it keeps people guessing.

COLUMBIA MOTION PICTURE STAR portrays summer's final favourite, "The White or Beige Sharkskin Two Piece Suit." The wide kerchief about the neck replaces a blouse in hot climates. And the monogram wooden clasp furnishes a smart finish for the neckline.

tone. Too light a powder is very grating to the skin. Do not hesitate to use a good cream powder-base in a warm, glowing tint. If your skin needs colour, or if there are blemishes to conceal, when this is used sparingly, and rubbed well into the skin, your make-up will not appear too heavy. As for lipstick,

Well Coiffed

Half the battle of being well-dressed is to be well coiffed. The older you grow, the fewer strag-

THICK EYEBROWS ARE BACK

THICK, NATURAL EYEBROWS ARE BACK IN FASHION. Eight years ago, when Garbo and Dietrich were fashion queens, women shaved off their eye-brows and painted thin black streaks across their foreheads, or plucked them into faint lines. But this fashion is definitely out. This year hair is neat and short, faces are oval, and make-up light and natural. Eyebrows in their natural shape frame the eyes and draw attention to their shape and colour.

The ladies of to-day's news are setting the fashion. MRS. EDEN has naturally thick eyebrows. In 1933 she thinned them, and trained them to a peak. Now in her latest news picture, she is letting them grow into a natural thick arch.

GARBO'S new set of eyebrows are much thicker; and her hair is brushed off her brow and face to show them. LADY BIRKENHEAD always had fairly thick eyebrows, but at one time she trained them straight across her brow and up at the corners. Now they turn down at the corners.

JOAN CRAWFORD put her eyebrows on with a brush when she went into films. To-day they are a quarter of an inch thick.

And so one painful and not over attractive fashion has gone out of beauty and style!

GOLDWYN'S FINEST ACHIEVEMENT

"Wuthering Heights"
At King's To-Day

When Samuel Goldwyn announced that he would make into a motion picture the great Emily Brontë classic, "Wuthering Heights," to star Merle Oberon as Cathy and Laurence Olivier as Heathcliff, under the direction of William Wyler, lovers of this poignantly dramatic and stirring-ly romantic novel beamed at the new immortalization which their literary idol, Miss Brontë, would receive in the additional medium of the screen.

The picture, recently completed and hailed at its Hollywood preview as Mr. Goldwyn's finest achievement, will have its premiere showing at the King's Theatre to-day through United Artists release.

In support of Miss Oberon and Olivier, Mr. Goldwyn chose a handpicked cast which includes David Niven, Geraldine Fitzgerald, Flora Robson, Donald Crisp, Hugh Williams and Miles Mander. In assigning the directorial task on this production to William Wyler, Mr. Goldwyn entrusted his film to a man whose enviable reputation rests on such outstanding screen successes as "These Three," "Dodsworth," "Dead End" and "Jezebel."

Among the many lavish sets built for the picture are included an old English manor house, the beautiful home of the wealthy Lintons, Thrushcross Grange, a lavishly brilliant ballroom of 19th Century England and a typical farmhouse of the period.

EXCLUSIVE PREMIERE FOR "CAPTAIN FURY" AT NEW YORK WORLD'S FAIR

The New York World's Fair, which is attracting millions of people from all over the world, was the scene of a very interesting event the other day.

For the first time since the Fair opened, a Hollywood film production was given an exclusive premiere there. The picture is Hal Rosch's "Captain Fury," starring Brian Aherne, Victor McLaglen, June Lang and Paul Lukas.

In addition to the fact that this is the first important photoplay ever shown at the World's Fair, "Captain Fury" also has the distinction of being the first photoplay ever written which deals with real events in the early history of Australia, England's famed dominion before the equator.

Lavish Ceremonies

The premiere was staged as a part of the lavish ceremonies attendant upon "British Empire Day" at the World's Fair, and a distinguished group of British officials from England and the various colonies was present.

Australian commissioners, newspaper men, theatre owners and others from the land "down under" were also among the specially invited guests at the "Captain Fury" premiere. All seemed to enjoy the picture immensely.

Cordially Greeted

On the following day, "Captain Fury" opened at the Radio City Music Hall, where it was greeted very cordially by New York's thousands of theatregoers.

"Captain Fury" is an "action" picture of the "Robin Hood" genre. But it outbrows "Robin Hood" in that it deals with actual history and is much, much more up-to-date.

45 Fractures In Five Years

Valerie Best, five-year-old daughter of Mr. and Mrs. K. Best of Victoria Park, Perth, Western Australia, has sustained 45 limb fractures in her short life.

Valerie may never walk as she suffers from abnormal brittleness of the bone structure. The malady is known as fragilitas ossium, and doctors despair of effecting a cure.

It is four months since Valerie last had a fracture—one of the longest periods she has been without one. Fractures may be brought about in the simplest way. For instance, in picking her up a stranger might unwittingly cause a fracture of an arm.

Her mother is so accustomed to fractures now that she treats Valerie herself. Although she cannot walk, Valerie slides about the house with surprising agility.

MORE WOMEN TO WORK IN GERMANY

The number of manual and office workers employed in Old Reich, Sudetenland and the Protectorate increased in June 1939 by 1,620,000 by a comparison with May, 1939, and by 1,300,000 by a comparison with June last year, this number showing the extent to which the increase of production in Germany continues.

At the end of June 1939, there were altogether 21,840,000 persons gainfully employed in Old Reich, 14,800,000 being men, 7,000,000 women.

It is characteristic of the prevailing shortage of workers that the number of women employed in June increased by 88,000 whereas that of the men rose by only 74,000.

Official Report

In the official report announcing these facts it is pointed out that in June a further increase of the number of persons employed could only be effected by recruiting workers who had previously worked of their own account, persons drawing pensions or living on investments and by engaging large numbers of women hitherto not gainfully employed anywhere.

No relaxation of the tension on the labour market is registered, the shortage of labour having rather increased than diminished. Particularly acute is the shortage in agriculture, building trades and metal working industries.

Garnering of May harvest could only be finished in time by obtaining the aid of men of the Labour Service, soldiers of the conscript army, volunteers, members of National Socialist Party and by granting leave to industrial workers.

Savings Banks

This unprecedented situation on the labour market has led to a further increase in the savings banks deposits. The balance sheet of the savings banks of the old Reich, dated 30th, June, 1939, published on Friday, shows an increase of the deposits since the end of March, 1939, by 286

million Marks to 18,860 million Marks as against 16,888 million Marks at the same date in 1938.

Likewise the state of the labour market led to an increase of consumption. Figures published on Friday show for example that German consumption of sugar had increased extraordinarily particularly in the Old Reich but also in Austria and the Sudetenland.

In June 1939, the consumption of sugar in the Old Reich increased by 31.8% to 2 million double hundred weights by comparison with the consumption of 1.5 million tons in June 1938 inclusive of the 23.2% increase in Austria to 2.12 million tons and of the increase in the Sudetenland to 2.19 million tons.

THREE WEDDINGS AT REGISTRY

The following weddings took place at the Registry, Supreme Court, yesterday. Mr. T. J. Gould, Deputy Registrar of Marriages, officiated.

Mr. Chen Yung-ling, professor of Engineering, residing at St. John's Hall, and Miss Kai Ti-hua, B. A. of National Tsing Hua University of Peiping;

Mr. Chan Cheong-shing, clerk of the Luen Fong Hung, Ltd., and Miss To Fung-ling, teacher, residing at No. 312, Hennessy Road;

Mr. Wong Chan-ping, residing at No. 14 Johnston Road, and Miss Lau Fong-heung, of No. 7, Sharp Street East.

1938/39, October to June, in the Greater Reich rose to 15 million double hundred weights while in 1937 the consumption in the Old Reich was 12.8 million double hundred weights and in 1933 13 million double hundred weights while this year, if the present rate continues, the consumption will reach 19 million double hundred weights.

Despite this phenomenal consumption in the increase, experts declare that the German sugar production covers more than the demand.

DUTCH COMMUNITY CELEBRATE BIRTH OF PRINCESS IRENE

Members of Hongkong's Netherlands community last night joined in celebrating the birth of H.R.H. Princess Irene, second daughter of the Crown Princess of the Netherlands. At a dinner party, followed by a dance, last night in the Roof Garden of the Hongkong Hotel, some fifty or sixty ladies and gentlemen, comprising the local Dutch community, had an exceptionally enjoyable evening.

Congratulatory speeches were given by Dr. Van Woerden, the Dutch Consul-General, and Mr. Van der Laan, manager of the local branch of the Netherlands Trading Co.

WOMAN HAS R.A. HONOUR

A slim woman with glasses and fair, greying hair drawn back into a bun, has painted the picture of the year—the Nativity in the setting of an infirmary ward.

The artist, Miss Louisa Hodgson, thirty-five, of Tynemouth, Northumberland, provided the surprise of this year's Royal Academy. She has daringly dressed the central event of Christianity in every-day form. Mother and Child rest in an iron-framed bed; Joseph, a workman, in his best suit, stands holding a shawl; heavy-booted labourers kneel in adoration; and an old shepherd, fresh from the fields, leans prayerfully upon a staff. Beneath the bed are a bowler hat, a paper carrier, and a toy lamb in a cardboard box.

Last year Miss Hodgson exhibited at the Academy a picture of a classical subject in an every-day setting. For "The Birth of Venus" she then chose to show the crew of a Yarmouth drifter finding in their catch a plump Venus listening through a sea-shell to the sea.

The execution of "Nativity" is so good that it has been hung in the centre of Gallery Three, where the president's picture usually hangs.

FASHION'S GREATEST PROBLEM SOLVED

Hedy Lamarr has solved one of fashion's greatest problems. Is it smarter to wear a hat tipped over the eyes? Or over the nose? Or on the back of the head? Questions which have baffled women from time immemorial.

But now Miss Lamarr solves all three questions by the simple process of eliminating the hat.

Miss Lamarr does not go bareheaded. That would be too obviously avoiding the issue. Instead, she carries her hat in strips of material and winds them around her head in whatever manner she wishes at the moment.

The turbans designed for the star in Metro-Goldwyn-Mayer's "Lady of The Tropics" have won her heart to such an extent that she has ordered duplicates made up for her own wardrobe.

Yards Of Silk

Yards of silk wound tightly around the head and caught with a jewelled clip over the forehead solves the hat problem. It is becoming to all types. The thin fabric is made broader by a turban wound low over the forehead and wide at the sides. The too-round face gains beauty by the silk tightly bound at the ears and piled high on the forehead.

Miss Lamarr first drapes the ends of some in a modified wimple before pinning them at the crown. Others are replicas of the turbans worn by the Indo-China native girls.

Particularly beautiful is the star's black velvet, close fitting with coronet of antique silver balls. Another is of purple velvet, the material criss-crossed in emerald jewels and falling to the shoulders in a wimple before being caught at the peak with a hammered brass ornament.

Men Approve

Not only do men approve of the turban, but they are a boon to women. The men, like them for dancing dates—no squirming and dodging sharp hat corners; and the women are thankful that at last a hat fashion has come which allows them to keep hats on during a theatre performance.

What woman doesn't resent taking her hat off and ruining a perfectly good permanent wave?

Miss Lamarr not only wears the exotic, formal type, but has grown so fond of the turban that she converts two yards of coarse net into a tennis turban.

Eight Hats Tried

For one sequence alone, the actress tries on at least eight hats. Her final choice in the scene is the same hat she wore when she walks into the store. And it is the hat she chooses for her own wardrobe. It is of heavy white crepe, twisted into two bands and wound around the head, Turkish fashion. An immense cabochon of emeralds joins the bands high over the right temple.

Originality is displayed in the embroidery and jewelled clips worn with these turbans. Pearls and gold thread enhance a white velvet turban; gold coins tinkle on a magenta crepe; another is looped through twin bracelets of hammered silver.

Here at last is a hat fashion which draws neither the sneers of the men, the sighs of the women, nor the disinterest of the fashion designer.

But it does draw the approval of Hedy Lamarr.

THIRD COURT MARTIAL ON TAMAR IN A WEEK

Capt. Flynn Sentenced To Be Reprimanded: Grounding Of Tarantula

THE THIRD NAVAL COURT-MARTIAL in six days was held on board H.M.S. Tamar yesterday, when Captain F. C. Flynn, Commander of H.M.S. Tarantula, and Senior Naval Officer on the West River, was found guilty on a charge that "he, being the Officer Commanding H.M.S. Tarantula, did negligently perform the duty imposed upon him in that he omitted to be on the bridge during a period when the ship was passing close to a known and hidden danger on July 11," and was sentenced to be reprimanded.

During the case evidence for prosecution was given by Lieut. H. F. O. Hale, who had been court-martialled and sentenced to be reprimanded on Tuesday for "negligently or by default stranding or hazarding the Tarantula on July 11," he then being Officer on the watch.

The Court comprised Capt. Clement Moody (Eagle) President, Capt. G. M. K. Keble-White (Medway), Cmdr. J. A. C. Hill (Westcott), Cmdr. E. H. Palmer, Cmdr. T. E. Hampton and Pay. Lt.-Cmdr. A. Lade (Tamar), Judge Advocate.

Capt. A. R. M. Bridge (Eagle) prosecuted, and accused was represented by Comdr. E. V. Lees and Pay. Comdr. C. S. R. Hickman.

The circumstantial letter stated that on July 11, 1939, H.M.S. Tarantula was on passage from Canton to Hongkong and at about 12.30 passed about 7 cables to the Southwest of Ma Chau Island, intending to pass through Urnston Road, Lieutenant H. F. O. Hale, First Lieutenant of the Tarantula, had charge of the afternoon watch.

About 1.12 p.m. when the ship was approximately four cables to the southwest of Black Point, the accused visited the bridge. He was entirely satisfied with the distance of the ship from Black Point at that time, and with the ship's course. The ship was heading S. 32 deg. E. by compass at that time giving a clearance from Tap Siak Kok of about two cables only. He did not remain on the bridge however to see the ship safely navigated past Tap Siak Kok.

It is evident that between 1.12 and 1.22 p.m. the Officer of the Watch allowed the ship to get too close to the shore between Black Point and Tap Siak Kok. At 1.22 p.m. the ship grounded on a rock close to westward of the latter point. The rock was almost certainly that which appears on the chart about half a cable off the point. The accused was not on the bridge at the time of the grounding.

The ship was being piloted by eye and the Officer of the Watch had the accused's authority to make alterations of course as requisite without reference to his Captain.

It cannot be contended, however, that this method of navigation is necessary or applicable in the locality where the ship grounded. The pilotage of a vessel through Urnston Road is a matter of plain navigation similar to that in any pilotage waters. By making use of land fixes combined with a clearing bearing of Red Point on Chu Li Kok Island a ship can be more easily and more safely navigated through the Road than by eye. Further, it cannot be said that in this locality the Officer of the Watch's local knowledge exceeded that of the Captain, thereby justifying the accused in leaving the navigation solely in the hands of the Captain.

Between Bocca Tigris and Hongkong the worst danger to be avoided in clear weather is the rock off Tap Siak Kok. In spite of this, however, and the small clearance being given to this danger, accused failed to be on the bridge while passing it.

As Captain of the ship it was considered that accused should have remained on the bridge after passing Black Point with the ship heading so close inshore. Had he done so he would have observed that the ship was getting too close to the land, and would have been in a position to take steps to avoid it. His failure in the above respect constituted, it was submitted, a grave neglect of duty and contributed towards the grounding, rendering him guilty of the charge preferred against him.

ENTHUSIASTIC WELCOME FOR MACAO'S GOVERNOR

PORTUGUESE COLONY EN FETE: HUGE LANTERN PROCESSION STAGED BY CHINESE COMMUNITY

From Our Own Correspondent

MACAO, Aug. 9.—Macao, beflagged with coloured bontings and decorated with elaborate pailons, to-day staged one of the biggest demonstrations ever to be witnessed in this Colony as the population, both foreign and Chinese, turned out to welcome H.E. the Governor of Macao, Dr. Artur Tamagnini de Sousa Barbosa, on his return from his official visit to Portugal where he attended the National Conference in Lisbon.

With such a scene of wild enthusiasm, especially among the Chinese, with whom he has always been a popular figure, was His Excellency's arrival on board the S.S. Taishan greeted.

FLEET OF SAMPANS

The Taishan was met at the Porto Exterior by a fleet of racing sampans, each manned by about twenty oarsmen whose strokes were timed by a gong at the stern. These and other small motor crafts followed the ship into the Inner Harbour where thousands jammed

the Praya Road and scores of officials and leading residents of the Colony waited at the wharf.

The weather at this stage took a sudden change and His Excellency disembarked amid a pouring shower, to the accompaniment of exploding firecrackers and salvoes from batteries of the Artillery Company set up near the wharf.

His Excellency was accompanied from Hongkong by a party which included his son, Master Antonio Barbosa, his Private Secretary, Dr. A. C. Carvalho, and Mrs. Carvalho; Maj. Majer and Mrs. Majer, Miss Maria Lobato and Miss Amalia Nolasco.

Among those who personally welcomed H.E. the Governor at the wharf were Capt. J. C. Coelho (Acting-Governor), H.E. Dr. J. Silvestre Bossa (Inspector of Colonies), Mr. B. Senna Fernandes (Consul for Siam), Mr. H. Nolasco (Consul for Netherlands), Mr. A. J. W. Hockenhull (H.B.M. Vice-Consul), Dr. D. de Vila Franca (Acting Judge), Dr. Lacerda (Attorney General), Sr. Marques Pinto (Colonial Treasurer), Captain F. Correa (Acting-Chief of Staff), Comm. S. Vieira (Harbourmaster), Dr. J. Correia Nunes (Medical Officer), Sr. L. Martins (Postmaster General), Capt. Macedo Pinto (Administrator of Taipa), Dr. A. Jorge (Chairman of the Municipal Council), Mr. A. Bradley (Commissioner of C.M.C. at Lappa), Sr. C. E. de Vasconcelos (Manager of Banco Nacional Ultramarino), Sr. P. J. Lobo (Director of Economics), Mr. Leong Hao Iun (Chinese Representative) and many others.

GUARD OF HONOUR

Despite the heavy rain that continued, His Excellency then inspected the guard of honour from the Machine Gun Company, under command of Capt. Carvalho, of the St. Francisco Fort. Following this, H.E. the Governor drove to Government House and then to his residence at the St. Sancha Palace.

Among the entertainments staged throughout the day by the Chinese Community, one of the features was the boat-race between sampans representing the various fishing fleets in this Colony. The race, which was run over a 10-mile course laid between Reclamation Point and St. John's Point, was witnessed by hundreds of residents from the Praia Grande sea-wall.

LANTERN PROCESSION

The grandest spectacle was witnessed after nightfall when thousands of Chinese packed along Praia Grande to watch the monster lantern procession, staged by the Chinese section of the community, the centre of attraction being the 100-foot long dragon, which in the morning was prevented from playing to the crowds on account of the rain.

Other entertainments included theatrical shows and a fireworks display on the Reclamation. Thousands of Chinese toured the streets, which were decorated with coloured lights festooned from the sides of buildings and from tree to tree.

The show of welcome to H.E. Dr. Barbosa by the foreign residents were manifested at a dinner given to His Excellency in the Hotel Riviera, which was attended by leading figures in the Colony.

"Offer Gold" Drive Gets Under Way

The "Offer Gold" drive in Hongkong started yesterday, when several thousand dollars were collected at a few of the official centres.

At the Chinese Chamber of Commerce, a sum of \$13,330 (National Currency) was received, as well as 80 cents, Hongkong currency.

Other results were:—Kam Ling Restaurant, \$500 N. C., the sum being the contribution of the management, public contributions not counted; Pehlo Theatre, \$1,000 N. C., the contribution of the management; Po Hing Theatre, \$5 N. C. and \$10.53 H. K. Collections at the Ying King Restaurant were not available last night.

Collection booths have also been placed at the China Emporium, Sincere Co. Ltd., The Sun Co. Ltd. and the Wing On Co. Ltd., while many other Chinese business concerns and public institutions are also actively participating in the drive, which will close on August 15.

ALLEGED STAMP FRAUD: BAIL IN \$5,000

A further remand of one week was granted in the case in which a clerk and a postman of the General Post Office, and four stamp dealers were charged before Mr. T. J. Houston, at the Central Court yesterday, with conspiracy to defraud.

They were Lo Kwok-leung, clerk; Lo Shing, postman, and Yu Sul Tong Shui-long, Chan Tsun and Cam Sai stamp dealers.

Defendants were alleged to have falsely pretended that certain stamped envelopes were first-class covers and had been cancelled by the General Post Office on January 11.

Two further charges of possession of a forged document and a forged die were preferred against Cam Sai.

Sub-Insp. C. Goodwin appeared for the prosecution, whilst Mr. Alfred Y. Hon is appearing for Lo Kwok-leung and Mr. H. A. da B. Botelho is representing Cam. Defendants were all allowed bail in the sum of \$5,000 each.

TENEDOS BRINGS PASSENGERS FROM SWATOW

H. M. S. Tenedos arrived from Swatow yesterday, having been relieved by H. M. S. Duncan. Passengers aboard the warship were Mr. B. Gosano, of the Hongkong and Shanghai Banking Corporation, Mr. J. Ashbear and Mr. W. Beckett.

Reports from Swatow states that the incident on Monday arose as the result of the refusal of hawkers and gamblers to leave British property near the British Consulate. When these elements demonstrated, an unarmed patrol from the Tenedos was landed to protect the Consulate.

All accounts indicate that the Chinese who was injured and subsequently died was wounded by a brick thrown by a compatriot.

The demonstrators were dispersed by Japanese soldiers, and at no time did the British sailors interfere.

The British Consul at Swatow and the Japanese authorities there, it is understood, have been in contact with each other regarding the trouble, but the result is not known.

FARCICAL

THE WANG CHING-WEI comedy is becoming more and more farcical but one cannot help feeling sorry for this poor fool who has thrown away his birthright and prostituted himself, body and soul, before the enemies of his country on the lonely tone of his broadcast speech from Canton on Wednesday night. His utterances were really too ludicrous for words but there are a number of preposterous statements made by this notorious puppet which cannot be allowed to pass unchallenged.

IN HIS ADDRESS, which no doubt has fallen on deaf ears, he abuses Chinese who have sought protection in the foreign concessions and in foreign colonies, such as Hongkong, for making "irresponsible and libellous utterances" against him and attempts to justify his own presence in the Japanese-occupied areas. In his attacks, Wang very conveniently forgets, as he does with other matters, that he himself frequently made use of those very same bases for attacks on persons who differed with him in the past.

HE REFERS to the loss of Canton, denounces both the civil and military authorities for their alleged cowardice in fleeing before the approach of the Japanese, and attacks the "scorched earth" policy. While he holds no brief for the Canton authorities, we must point out that when Wang accused them of fleeing at the head of their soldiers and of leaving the defenceless citizens behind, he knew very well that his statement was untrue. It was Wang Kai-shek and the Kuomintang, in concert with the

CHINESE MOSLEMS IN PRESENT WAR

Interesting Address By Mr. Lyman Hoover

Mr. Lyman Hoover, acting Executive Secretary of the Student Department of the National Y. M. C. A., was the guest speaker at the weekly luncheon of the Y's Men's Club yesterday. His subject was "Chinese Moslems in the Present War."

Dealing first with the history of the Moslems, the speaker pointed out that the people were great soldiers and traders. During the eighth century, the Moslems commenced to preach their faith among the Chinese and won many followers. Up to the present time, there were as many as 20,000,000 Moslems in the various provinces of China.

MILITARY RECORD Of their military record, the speaker said that in many periods in Chinese history, the Moslems were called in by the Chinese to help to suppress rebellions.

During the last ten years, the present Chinese Government had given opportunities to the Moslems to share in the benefits of growing China.

Gen. Pei Chung-hsi, a Mohammedan himself, had done much to capture the heart of the Moslems. Mr. Peter H. Sin thanked the speaker.

highest officials of the land, ordered the evacuation of Canton and resort to the destruction of the city through the "scorched earth" policy, a policy which Wang himself was the first to advocate but which now he finds convenient to attack and denounce since he has joined the ranks of the traitors.

TURNING NOW to his peace formula, which he urges the Chinese people to accept in order to preserve the independence and freedom of their country, Wang shamelessly tries to persuade them to forget that they are Chinese and urges them to surrender to the Japanese without offering further resistance. Such a formula naturally can never be accepted by the people of China for why should they be expected to accept Japan's peace proposals and their Pan-Asian ideal? Does Wang conscientiously believe that the Japanese invaders, having lost so heavily in lives, money and munitions in their invasion of China, are going to withdraw their troops in as simple and convenient a manner as he suggests? Does he sincerely believe that the Japanese will actually follow a policy of good-neighbourliness? If he does, then he is a greater optimist than we gave him credit for being.

UNDOUBTEDLY Wang Ching-wei's peace formula is Japan's peace plan for there is no question, that he speaks as a mouthpiece of the Japanese who, as we pointed out yesterday, are now desperately seeking peace, peace of such a kind that they may withdraw from China without loss of face. They know very well that Wang alone cannot achieve peace, hence Wang's appeal to the civil and military authorities at the front and in the rear to help in restoring peace—regional and national. But in this they are bound to fail and their attempts will prove to be merely an illusion.

IRRESPECTIVE of any support that Wang Ching-wei may obtain, there can be no peace in China so long as the Japanese fail to withdraw. China seeks peace but she seeks peace with honour, not a Japanese prepared peace nor peace along the lines suggested by Wang Ching-wei.

WANG'S proposals are ridiculous and absurd in the extreme. The Chinese people will never be satisfied until the last Japanese soldier has been withdrawn from their territory.

MEANWHILE, the people of China will reaffirm their loyalty to Generalissimo Chiang Kai-shek and the Kuomintang.

STABILIZATION FUND MEMBER IN SHANGHAI

SHANGHAI, Aug. 10 (Reuter)—Yesterday it was learned that Mr. Cyril Rogers, of the Bank of England, who is a member of the Anglo-Chinese Stabilization Fund, is at present in Shanghai, having come here unheralded from Hongkong.

Mr. Rogers has had meetings with the British Ambassador, Sir Archibald Clark Kerr, and other officials and it is believed that the position of Chinese currency formed the principal topic of the discussions.

Mr. Rogers arrived here several days ago, but news of his presence in Shanghai only leaked out to-day.

It is understood that he is sailing back to Hongkong to-day.

SITUATION CALLS FOR SHREWD GOVERNMENT

Britain Must Avoid Fall Into Trap Set By Axis

British foreign policy in the Far East was discussed by Mr. Harold Butler, C.B., Warden of Nuffield College, Oxford, in a broadcast talk on "World Affairs" last night.

Resumption of the Tokyo negotiations, stated the speaker, now await instructions from London. The talks revolve on two questions, namely, Chinese silver deposits in Tientsin and currency.

The silver deposited in Tientsin, Mr. Butler went on, was never deposited in the name of the Central Government but the Provincial Government which was now superseded by the "Peiping provisional government."

If Britain can be persuaded to hand over the silver the puppet currency as a medium of exchange will be strengthened in which case Generalissimo Chiang Kai-shek's credit will be weakened.

BRITISH REFUSAL

The Prime Minister, Mr. Chamberlain, continued the speaker, had said last week that an agreement could be reached on some points but not all, i.e., an agreement could not be reached on silver and currency, and the British authorities refused to hand over the four Chinese alleged assassins of a puppet official unless a prima facie case had been made out against them.

Refusal to hand these men over gave the Japanese an excuse to invade the British Concession in Tientsin but even if this had not been the case the Japanese would have found some other excuse so intent were they in their anti-British campaign.

The concessions, said Mr. Butler, were intended as a safe centre for British trade operations, but not as a base of Chinese guerrilla operations. There was an outcry when Britain accepted the fact of the Japanese occupation and little note was taken of the fact that Britain would continue to recognize the legitimate government of the country and maintain economic relations with it.

AVOID WAR

For obvious reasons, Mr. Butler added, Britain should avoid war in the Far East as far as possible. The British business was to keep their heads and avoid falling into the trap set for them by the axis. The situation called for shrewd government otherwise British interests in the Far East will not benefit nor will the Chinese people.

The abrogation of the Anglo-Japan Trade Treaty would find

FIRST APPEARANCE OF SIT KOK-SIN & MA SZE-TSANG TOGETHER

Lee Theatre Crowded For Rare Performance

NEW PROGRAMME TO-NIGHT

The rarity of seeing the two foremost popular Cantonese actors, Sit Kok-sin and Ma Sze-tsang, together in the same play, drew a large crowd to the Lee Theatre last night when the first of two performances organized by the Hongkong Artists' Union, in aid of general relief work, was produced. The second performance, which will be the last opportunity to see these two prominent actors together, will take place to-night. There will be an entirely new programme.

Besides these two stars, many other screen and stage celebrities of note also took part in the programme, which consisted of operatic excerpts, plain language plays, dances, songs, musical selections and physical culture displays.

Sit and Ma, and Miss Tam Lian-hing were seen together in a very well-known Cantonese operatic drama, "Lung Shing Fei Chang," depicting the exploits of a bold, courageous general in his attempts to defend his garrison town.

Others who took part included Lam Kwan-sah, Miss Chu Kim-kun, Ng Chor-fan, Miss Violet Tse Loh-lan, Wang Shao-lin, Tong Kim-ping, Pang Fei, Miss Yuet Yee, Miss Hu Mei-lun, Sun Leng-chow and others famous in Chinese theatrical and film circles.

At the conclusion of the programme, the audience joined in the singing of the "March of the Volunteers."

The programme was sponsored by Mr. Sun Yat-sen, Mme. C. C. Wu and other Chinese women leaders.

Curtailed Of Jewish Rights

NON-CO-OPERATION URGED BY RABBI OF BERLIN

Geneva, Aug. 10 (Reuter)—Non-co-operation with the British Government in retaliation for the suspension of Jewish immigration into Palestine and the White Paper policy was urged by Rabbi Meir, of Berlin, in his opening address at the conference of Mizrahi (the orthodox wing of the world Zionist organization).

United Front The Rabbi of Berlin urged Jews of the world to fight against the curtailment of historic Jewish rights in Palestine and declared that immigration must continue despite artificial restrictions. All Zionist groups should forget their differences and form a united front to combat the British Government's new policy.

DEPARTURE OF TROOPSHIP

Rousing Farewell For Eagle Crew

Naval, military and air force personnel who have been relieved by recent arrivals departed for Home in H.M. Troopship Dilwara yesterday.

The troopship drew away from the Naval Dockyard quay punctually at noon. A large crowd of friends and colleagues were present to bid goodbye to those going away, and the hearty farewells were augmented by the letting off of strings of firecrackers.

When the Dilwara passed the aircraft-carrier Eagle, the new commission lined up on the latter's flying deck and cheered the departing crew of the Eagle who were passengers in the troopship.

The Dilwara's passengers consisted largely of naval officers and men, but there were also a number of army and air force details. The departure list has already been published in these columns.

EARL ROSSLYN DIES AT 60

War Correspondent In S. Africa

LONDON, Aug. 10 (Reuter)—The death has occurred of the Earl of Rosslyn, war correspondent of the "Daily Mail" in South Africa in 1900, at the age of 60 years.

James Francis Harry St. Clair-Erskine, 5th Earl of Rosslyn, was educated at Eton and Oxford and later became Lieutenant in the 3rd Battalion Northamptonshire Regiment and then Major in the King's Royal Rifle Corps from 1915 to 1917. He served with Thorneycroft's Horse at the relief of Ladysmith and in 1898, seconded the Address to the Throne in the House of Lords.

The heir to the title is Earl Rosslyn's grandson, Lord Loughborough.

THE WEATHER

The Royal Observatory forecast for to-day indicates that the weather will be rainy but will probably improve in the course of the day.

Yesterday's maximum temperature was 87 degrees, and the minimum 78, while the average humidity was 83. No rainfall was recorded.

Mr. Clifford W. Pettit, former Secretary of the Foreign Y.M.C.A. in Shanghai, has taken over the post of business manager of the city of New York. The day he took office, Mr. Pettit paid a warm tribute to the Chinese people who, he said, "have set an example for the whole world by the fine spirit they have maintained throughout the war."

GERMAN & ITALIAN TROOPS MASSING ON YUGOSLAV FRONTIER: FEARS OF ANOTHER EUROPEAN CRISIS

Axis Pressure Anticipated With Even More Dangerous Moves

LONDON, AUGUST 10 (REUTER).—REPORTS FROM THE YUGOSLAV FRONTIER AROUSE FEARS THAT YUGOSLAVIA WILL BE THE CENTRE OF THE NEXT EUROPEAN CRISIS, WRITES THE SPECIAL CORRESPONDENT OF THE "NEWS-CHRONICLE" IN BELGRADE.

The correspondent adds that it is reliably reported that the Italians in Albania and the Germans in the region of the Slovene border are moving and massing their troops in a highly suggestive manner.

Leading political and military circles in Belgrade fear that the Axis Powers may soon bring pressure to bear on Yugoslavia to assure her that her "neutrality" in case of war would be of a highly beneficial type economically and strategically.

Yugoslavia would be expected, among other things, to allow her roads and railways to be used for Axis military purposes.

It is certain that Yugoslavia will not agree and it is expected, therefore, that within a few weeks terrific press campaigns, which will be followed by more dangerous moves, will begin in Germany and Italy against "disloyal" Yugoslavia.

Hitler Dissatisfied With Hungary's Friendship

LONDON, Aug. 10 (Reuter).—The diplomatic correspondents of both the "Daily Telegraph" and the "Daily Herald" report substantial movements of German troops on the Moravian-Slovak frontier.

The "Telegraph's" correspondent adds that units are proceeding in a southerly direction.

Both diplomatic correspondents say that pressure is being exerted on Hungary by Germany, as Herr Hitler is not satisfied with Hungary's bare reaffirmation now and again of her friendship with the Axis Powers.

The "Herald's" diplomatic correspondent states that Herr Hitler's planned visit to Budapest in June had to be abandoned because the Hungarians flatly refused to admit some thousands of Gestapo agents to watch over Herr Hitler's safety.

BERLIN, Aug. 10 (T/Ocean).—Field-Marshal Goering, who returned here yesterday from a three weeks' tour of inspection, in the course of which he visited the western frontier fortifications as well as various air force establishments and armament factories, granted an interview to the "Berliner Nachrichten" in which he gave an account of the impressions he gained during his journey and also referred to various political questions.

GERMAN MOTIVES

After comparing the tranquillity of the German nation with the calm shown by Chancellor Hitler in his conduct of Germany's policy at the present critical time, Field-Marshal Goering affirmed that the responsibility for the European crisis lay, not with Germany, but with the advocates of encirclement.

He expressed the regret that some statesmen who favour the encirclement, and some foreign journalists had not accompanied him on his journey.

Neither foreign statesmen nor journalists had any knowledge of the German nation and, since, could not appreciate the motives which inspired it to resolutely demand peace which shall conform to its national wishes.

CALM AND HOPEFUL

The Field-Marshal went on to say that it is impossible that a nation, capable of such achievements, should accept lessons from other nations as to how its peace and its existence should be shaped. The German nation has calm and full of hope, because it trusted the Fuehrer, and believed in the maintenance of peace.

But, it was determined to defend itself should Europe be plunged into war through no fault of its own.

"When I read the speeches made in Poland and the articles which appeared in the Polish press, I could only explain them as an outcome of hysterical panic which deprived their authors."

HISTORICAL PICTURE

VENICE, Aug. 10 (T/Ocean).—A picture of the historical aspect of the present European crisis was given in a speech by Dr. Goebbels at an extraordinary meeting of the Confederation of Free Professions in Venice on Wednesday.

"Europe," said Dr. Goebbels, "is in a very serious crisis which will not be overcome as long as the vital interests of poor nations are not satisfied and it is nonsense to talk of peace so long as this crisis continues."

"This crisis can be overcome by thorough measures only. We are to-day more or less in the same position that Europe was in the period between 1789 and 1848 and if a revolution has become due, individual peoples have a historical duty to begin it."

CHINA WAR NEWS

Continued from Page 1

In the Honan-Hupeh border regions the Japanese invading Kaoh-cheng, Lishan, Chikuniao and Kiangchiao have suffered defeat at Chinese hands and are falling back to Suhsien, 105 miles north-west of Hoangku.

Threat To Pootung

CHUNGKING, Aug. 10 (Central).—The Japanese are yet unable to "pacify" Pootung after almost two years of occupation. Chinese guerrillas are increasingly active there, according to Shanghai dispatches.

Both Nanwei and Fengsien, important towns in Pootung, are seriously threatened by the guerrillas. Guerrilla units at Poshan at the mouth of the Yangtze River near Woosung, about 15 miles north of Shanghai, have crossed the Yangtze to Pootung to assist in harassing the Japanese.

Honan Town Attacked

LOYANG, Aug. 10 (Central).—Chinese units launched a fierce attack on Foshan, east of Tsinshui on the north bank of the Yellow River in northern Honan, yesterday morning. They succeeded in penetrating into the west and north parts of the town, killing a number of Japanese.

Severe Fighting

LOYANG, Aug. 10 (Central).—Fighting on the Yicheng-Tsinshui sector in southeast Shansi is increasing in severity following the arrival of more than 2,000 Japanese reinforcements in Tungwuling and Kuchan, west of Tsinshui.

Three Japanese columns are participating in the present eastward drive from Yicheng with Tsinshui as their objective. They have encountered stiff Chinese resistance.

The Chinese have recaptured Yaotow and are developing an enveloping movement to bottle up the advancing Japanese.

SUSPECTED TIENSIN TERRORISTS

LEGALITY OF HANDING OVER TO JAPANESE IS QUESTIONED: WRIT OF HABEAS CORPUS

LONDON, AUG. 10 (REUTER).—TWO OF THE LEADING LEGAL AUTHORITIES, PROF. NORMAN BENTWICH AND MISS SARA MARGERY FRX, J.P., M.A., HAVE SENT A TELEGRAM TO LORD HALIFAX STATING: "WE ARE ALARMED AT THE RUMOUR THAT THE CHINESE SUSPECTS AT TIENSIN MAY BE HANDLED OVER TO THE JAPANESE AUTHORITIES."

"We consider the legality of this action should be tested by a writ of habeas corpus in Shanghai, for which we propose to apply."

"Please give us your assurance that no extra legal steps will be taken to deprive us or the prisoners of the statutory right of stay of fifteen days for making the application."

"UP I.R.A."

LONDON, Aug. 10 (Reuter).—Two Birmingham I.R.A. suspects, aged 18 and 21 respectively, were deported from Liverpool yesterday.

When one, bound for Dublin, boarded the ship, steering passengers greeted him with shouts of "Up I.R.A."

NEW SECRETARY GENERAL OF FALANGE

BURGOS, Aug. 10 (T/Ocean).—The New Secretary-General of the Falange, General Munoz Grande, is regarded by political quarters here as a representative of the younger generals who have been supporters of the Falange for a considerable time.

Gen. Munoz Grande received his military training in Morocco in hard fighting against natives. Shortly before the outbreak of the civil war Gen. Grande had become Assistant Chief of Police.

The Popular Front regime, however, dismissed the General from this post because of his nationalist sympathies and, after the outbreak of the civil war, Gen. Munoz Grande was arrested in Madrid and sentenced to death. The death sentence, however, was not carried out and the General came to Nationalist Spain by way of prisoners exchange.

WAR RESOURCES BOARD FOR U.S.

WASHINGTON, Aug. 10 (Reuter).

The announcement of the formation of a Civilian Advisory "War Resources Board" to advise the military services in the current expansion of the forces, was made jointly yesterday by the Army and the Navy.

The Board will also become, in an emergency, an executive agency with broad powers, similar to the War Industries Board during the Great War.

TENSE ATMOSPHERE AT INNER CABINET MEETING IN TOKYO

War Minister Explains Army's View Point In "Strongest Terms"

TOKYO, Aug. 10 (Reuter).—The atmosphere at yesterday's conference of the Inner Cabinet, further details of which have become known, is described as being tense.

It is reported that Gen. Itagaki, the War Minister, stated forcefully, in detail, the army's viewpoint of what he described as a "new situation in international relations."

He referred particularly to Japan's relations with the Soviet and Britain and also dealt with the abrogation of the United States Commercial Treaty.

Gen. Itagaki laid down in the strongest terms the Army's "immutable policy for an immediate solution of the European problem."

It is believed that the Inner Cabinet will meet again at the week-end to discuss the matter, having refrained for the moment from taking a final decision owing to the magnitude of the issues involved.

British Protest

TIENSIN, Aug. 10 (T/Ocean).—The British Consul-General in Tientsin, Mr. E. C. Jamieson, addressed a written protest to the Japanese Consul-General, Mr. Shigenori Tashiro, concerning the latest anti-British demonstrations and requesting the Japanese authorities to suppress further anti-British acts in the occupied territory.

According to a Chinese press report, Mr. Jamieson also asked for Japanese police protection of the premises of British concerns in these areas.

A Japanese reply has not yet been drawn up.

EFFICIENCY AND SMARTNESS

KING'S TRIBUTE TO RESERVE FLEET

LONDON, Aug. 10 (Reuter).—During his review of the Reserve Fleet to-day, the King stood "exposed" to heavy spray in order to acknowledge the cheering from the ships.

Instead of leaving it to the end of the visit, the King after lunch, made a flag signal from the Victoria and Albert to all ships of the Reserve fleet to "Splice the Main Brace."

King's Message

The King, in a message to the Vice-Admiral of the Reserve Fleet said that the bringing forward for sea service of so many ships in a few days had proved how smoothly the organisation worked.

"The efficiency and smartness obtained in such a short time after commissioning can only be achieved by enthusiasm and the whole-hearted co-operation of all hands, and it leaves no doubt in my mind that the fleet will quickly reach a high standard of fighting efficiency."

The King sent hearty congratulations and good wishes to all of the Reserve Fleet.

Vice-Admiral's Reply

The Vice-Admiral replied that the King's visit would encourage the officers and men to give their best to the task of bringing the ships to a high state of fighting efficiency.

TRAIN CRASH IN CZECHIA

PRAGUE, Aug. 10 (T/Ocean).—Three were seriously injured and 39 lightly as a result of a train collision yesterday, when, at the railway station of Wallachisch Meseritsch, one passenger train ran straight into another travelling in the opposite direction.

Whether there are any more victims beneath the ruins is unknown.

In lieu of miscellaneous taxes, which have now been abolished, only a consumption tax is being levied by the West Chekian Tax Bureau on various items of commodities produced in the West Chekian war areas. The new tax regulations embrace such items as wine, raw silk, sugar, tobacco leaves and rolled tobacco, salt, matches, and petroleum.

FRANCO - U.S. REPRESENTATIONS TO JAPAN TIENSIN ISSUES ARE REJECTED AS UNREASONABLE

TOKYO, AUG. 10 (REUTER).—THE FRENCH CHARGE D'AFFAIRES YESTERDAY IS REPORTED TO HAVE MADE REPRESENTATIONS TO THE FOREIGN OFFICE TO THE EFFECT THAT FRANCE HAD COMMON INTERESTS WITH BRITAIN IN THE TIENSIN CURRENCY AND SILVER STOCKS ISSUES AND TO HAVE REQUESTED JAPAN TO RECOGNIZE THAT FACT.

It is understood that the United States Charge d'Affaires, Mr. Dooman, on Tuesday emphasized at the Foreign Office that the United States was interested in the same issues.

The "Asahi Shimbun" states that the Foreign Office, replying to the French and American representations, expressed its determination to deal hereafter as heretofore with Britain alone and rejected the representations as unreasonable.

To celebrate the 82nd Anniversary of the Hongkong Daily Press, the oldest morning paper in Hongkong, which was established on October 1, 1857, a special supplement is to be issued. This will be printed on good quality paper and will be profusely illustrated, and it will give the best presentation of Hongkong yet attempted.

As the Hongkong Daily Press's 82nd Anniversary falls ten days before October 10, the Double-Tenth, which is China's National Day, it is proposed to commemorate the occasion in the same special supplement which will, therefore, also give a comprehensive account of the progress of the Republic of China as made under the guidance of the Kuo Min Tang.

It being the wish of the publishers of the Hongkong Daily Press to emphasize Sino-British friendship as the theme of the special supplement, a cover design clearly presenting this theme is being sought. With a view to securing a suitable design, it is proposed to hold a contest, the rules of which follow:—

**H.K. PHILHARMONIC SOCIETY
TO PRESENT "NO, NO! NANETTE"**

The Committee of the Hongkong Philharmonic Society have announced that arrangements have now been completed for the presentation of the Musical Comedy "No, No! Nanette" at the Queen's Theatre on December 13-18.

The production will be in the very capable hands of Mr. W. Robertson, who has been connected with many Philharmonic successes in the past. The Musical Direction will be in the equally capable hands of Surgeon Captain G. V. Hobbs, R.N.

It will be remembered that this most successful musical comedy was first produced under the direction of Messrs. Clayton and Waller at the Palace Theatre, London, in 1925. The cast included the following well-known artists: Miss Binnie Hale, Miss Vera Pearce, Mr. George Grosmith, Mr. Joseph Coyne, and Mr. Seymour Beard.

POPULAR WORK

To emphasize the continued appeal of this very popular work, with its brilliant dialogue and haunting melodies, it is observed that during the year 1938, it was produced by over 40 amateur societies in Great Britain alone.

Readers will certainly not require any introduction to the musical numbers of which "Tea For Two" and "I Want To Be Happy" are perhaps the most popular.

It is imperative that the cast should include a very bright troupe of dancers and as it is understood that there are a few vacancies in the Society it is suggested that any lady or gentleman who may be interested should communicate with the Hon. Secretary.

Rehearsals are due to commence at the beginning of September.

aircraft and be transported by man power, pack animals, as well as on its own wheels, or in motor vehicles. Also, when in its own carriage for use against ground targets it should be low sighted so that small cover can be utilised.

ANTI-AIRCRAFT WORK

The 15 mm. Bess gun fulfils all these requirements. Normally operated by a team of four it can be man-handled into any position with an initial supply of ammunition by a team of eight.

It can be removed from its carriage and erected as an anti-aircraft weapon in under a minute, and its rate of fire is such that it should be a very efficient defence against low-flying aeroplanes.

The ammunition for the Bess gun is still a secret, but it can be said that one type has very good armour-piercing qualities.

The rate of fire for the 15 mm. gun for short bursts is in the neighbourhood of five hundred rounds a minute. The time of flight of the projectile over normal ranges is low, thus making it eminently suitable for anti-aircraft work.

During Mr. Leslie Burgin's visit to the factory it was disclosed that a light model, similar in many respects to the 15 mm. gun, is being manufactured. This has a bore of 7.9 mm.

**CHINESE P.C.

EXTORTION****BENCH RESERVES
JUDGMENT**

After submissions made by Mr. C. A. Sutherland Russ for the defence in the case in which a constable C507, Ng Kwok, was charged with extortion of \$3 from Cheng Ping, on July 12, Mr. T. J. Houston at the Central Court yesterday reserved judgment until 10 a.m. today.

Insp. A. V. Baker prosecuted whilst Mr. L. A. Searle, A.S.P., was also present.

P.C. A115, W. E. Watson, said that he was on patrol in Leighton Hill Road when he noticed an obstruction outside a house in Hysan Road. He told a woman to remove the objects. He met defendant and instructed him to tell the people to cease the obstruction. On the following night he again saw the obstruction. He told complainant, Cheng Ping, that he would take out a summons against him, when the latter said he had given \$3 to the Chinese, police constable.

Cheng Ping, master of a shop at No. 7 Hysan Road, said that a Chinese constable whose number was either 8507 or C507 asked witness to walk with him to a place near the Lee Theatre, where the constable said that the European sergeant was giving complainant a chance this time, and it would be best to give him some money to drink tea or wine. He asked what amount and the Chinese constable said at least \$3 or \$4.

Wong Sze-mui, 25, wife of the complainant, also gave evidence, as did two carpenters, Li Kim and Chan Hong.

Defendant denied the charge. He neither received any money nor mentioned anything about money to the complainant.

Where Are The Key?

PHILADELPHIA — More people are losing or forgetting their car keys than ever before, according to the Automobile Club of Philadelphia, A. A. A.

F. Kenneth Schultze, in charge of emergency road service, recently revealed that the Club had more calls last year than ever before for stalls in snow and mud, for clogged gas lines and faulty carburetors.

"But one of the most surprising developments," he said, "is the increasing number of calls to unlock cars. Such calls doubled in number last year."

Lord Halifax is leaving London for Yorkshire this afternoon to continue his holiday. He is returning to London again next week.

New U.S. Blow At Japan: £83,000,000 Trade In Peril

United States may now stop buying gold and silver from Japan, following President Roosevelt's decision to end the trade treaty next January. Japan would suffer a serious blow. She sold £83,000,000 in gold and £840,000 in silver in the last two years.

Mr. Cordell Hull, U.S. Secretary of State, said recently that there must be a settlement of political differences with Japan before a new treaty is negotiated.

He indicated that "greater respect for American rights and interests" was one of the questions requiring fresh consideration.

Ending of the Treaty is regarded in Washington as President Roosevelt's way of obtaining peace in the Far East by "methods short of war."

New U.S. tariff duties are expected to cancel out Japanese subsidies.

Enforcement of the Neutrality Act against both Japan and China is being discussed in Washington.

This would cut off all munitions to both countries.

The Burden Of Arms: Over
£3,404,273,500 Spent By
Powers In 1938

LONDON, July 21 (By Air Mail)—A study of the effects of this vast expenditure in arms on the finances of nations has been made by two bodies: the League of Nations and the Foreign Policy Association of New York.

Although these organisations have made independent investigations, their conclusions are substantially the same. The period covered by their inquiry is from 1932 to 1938.

Financial War
The report issued by the League of Nations and the report of the

Foreign Policy Association make it clear that a financial war is being waged, and that, unless sanity returns, we may expect catastrophe and chaos.

In both these reports account has been taken only of the sums actually expended on the creation and maintenance of Armies, Navies, and Air Forces.

No attention has been paid to the vast sums of money spent on public works of a military nature. The sums estimated as having been disbursed by Germany and Italy are approximately official figures not being available.

From 1932 to 1934 the increase of military expenditure was slow, but during those three years Great Britain, Germany, Italy, France, Japan, Russia and the United States raised their armament costs from £257,478,632 to £788,888,688.

It was only in 1935 that Great Britain and France, justly alarmed, began to take a serious hand in the game.

Fourfold Increase
This figure of £788,888,688 spent by the seven Powers in 1935 was increased to £1,591,025,410 in 1938, but in 1938 over £3,404,273,500 was spent.

From these figures it will be seen that the Powers in question multiplied their expenditure on armaments by more than four times.

War material has a habit of rapidly becoming obsolete. This is particularly true in these days of scientific advance when aviation makes such rapid strides and when the equipment of mechanised armies is being constantly improved.

She was on her first home leave and was sought for Liverpool where her sister lives. She disappeared from the Corfu on Aug. 8.

Her friends in Chinquid and Shanghai report that she was very cheerful on leaving and quoted her as saying that she was looking forward to being in England again.

MISSING FROM P. & O. CORFU

NURSING SISTER'S DISAPPEARANCE

SHANGHAI Aug. 10 (Reuter)—A wireless message was received in Shanghai to-day reporting that an Englishwoman, Miss. Hilda Chester, was missing from the P. and O. Corfu which left Shanghai for England on Aug. 1.

Miss Chester, aged 30, was a Sister in the Shanghai Municipal Council's Isolation Hospital, which she joined five years ago on her arrival in Shanghai from England.

First Home Leave
She was on her first home leave and was sought for Liverpool where her sister lives. She disappeared from the Corfu on Aug. 8.

Her friends in Chinquid and Shanghai report that she was very cheerful on leaving and quoted her as saying that she was looking forward to being in England again.

HUGE RELIEF PROGRAMME:
TEACHERS AND STUDENTS
FROM WAR ZONES

CHUNGKING, August 10 (Central)—Hundreds of thousands of teachers and students from the war zones have been provided relief by the Ministry of Education since the enforcement of a gigantic relief programme in the spring of last year. Following a registration process, most of the teachers and students have been sent to new schools established by the Ministry.

Altogether more than 400 professors, lecturers and assistants have been registered. A part of them have been sent to continue teaching in institutions of higher learning in the rear, while others are attached to the Textbooks Editing Commission, the National Editing and Translation Institute and other educational and cultural organs under the Ministry of Education. Up to date, several hundred kinds of reading matter have been turned out by them.

Moderate Subsidies
Over 2,800 college and university students have registered. Most of them, given with necessary travelling expenses and moderate subsidies, have been sent to institutions of higher learning in the rear to continue their studies.

About 400 have been sent to do wartime work by the Political Department of the National Military Council, following a period of intense training.

Aside from a reduction of tuition fees, students who are in extreme financial difficulty may get loans from the Ministry. Between 7,000 and 8,000 such students have raised loans which amounted to over \$70,000 in the 26th fiscal year and \$240,000 in the last fiscal year.

The Ministry of Education has established 10 middle schools in Honan, Szechwan, Shensi, Kansu, Kweichow, Hupeh, Shansi, Anhwei and other provinces. Up to this year, a total of 1,500 teachers and 17,000 students from middle schools in war zones have been accommodated.

3,900 Enrolled
In addition, over 8,000 middle school refugee students have enrolled in various institutions in Hunan, Hupeh, Szechwan, Yunnan, Kweichow, Kwangtung, Kwangsi, Honan, Shensi, Kansu, Chekiang, Kiangsi and other provinces.

As to primary school teachers, it is estimated that over 14,000 of them from various war regions have been given work. Some 3,000 have been assigned mass education work in Honan, Szechwan, Kweichow, Kansu, Shensi, Hupeh, Hupeh, Shansi and Hunan, over 1,000 to teach in primary schools and Child Welfare Institutes and 500 to do social work under the Social Department of the Kuomintang.

53 M.P.H. 'BABY' TORPEDO-BOAT IS BRITAIN'S LATEST NAVY FIGHTER

Britain's naval striking forces are increasing every day. On July 28 a "baby" motor-torpedo-boat known as the K40 type, was demonstrated on Southampton Water.

The "baby" attained a speed of 42 knots (53 m.p.h.)—far in excess of boats with greater power—on her trials.

This speed was returned with 20 people aboard, more than twice the normal complement, and additional ballast.

Flight-Commander Claude Graham-White, who put the boat through her paces, said that the offensive and defensive power of motor-torpedo-boats was out of all proportion to their small cost.

JAPAN'S EFFORT TO SPEED UP PUPPET REGIME

LONDON, July 24 (By Air Mail)—In an effort to speed up the formation of the long-awaited puppet Federal Government of Northern and Central China, the leaders of the Kwangtung Army are now throwing out tempting cash offers to numerous Chinese politicians with a view to detaching them from Chiang Kai-shek.

Two prominent members of the Kuomintang have been given to understand that if they consent to join the new Federal Government Japan will reward them with full Japanese citizenship and a life pension in foreign currency.

A LONG, LONG NAME

YORK, England—The British like to name their autos, planes, and locomotives. Particularly locomotives.

And now the most ancient public school in England, St. Peter's School, York, which has its roots in the year A.D. 627, has given its name to a locomotive engine made by the oldest railway company in the world, the London and North Eastern.

Some 800 people recently assembled at York station to watch the head boy of St. Peter's, J. T. Brockbank, name the new locomotive, "St. Peter's School, York A.D. 627."

ATTACK IN AERIAL WARFARE
BOMBING PLANE'S ROLE

Primary importance of attack in aerial warfare was stressed by Marshal of the Royal Air Force, Viscount Trenchard, Chief of Air Staff from 1918-1929, when he spoke recently at the opening of the new, Central Scotland Airport, Grangemouth.

"I look back," he said, "to the day when Britain had the greatest Air Force in the world—more than 300,000 officers and men towards the end of 1918. We now see the Service gradually regaining the strength it had then. A type of pilot and man is coming forward second to none in the world."

"This country must be the terror of all aggressors. It is my firm belief that we must be strong with the attacking weapon and not place too much reliance on the defending weapon. If we rely on defensive measures only for the protection of this country the enemy will always be round choosing foggy days, dark days and bad weather to paralyze the life of the nation."

"But if we can attack the enemy's goal harder we can draw back some of the attackers in order to defend their goal. I by no means want to do away with the defences, but I do say that the greater proportion of our strength and our resources should be devoted to that weapon which will win a war."

**"ALI BABA" PANTOMIME TO
BE PRODUCED BY Y.M.C.A. IN
DECEMBER: CAST OF 61**

**MOTION FOR
CROWN TO
PAY COSTS**

**APPLICATION
DISMISSED**

A motion brought by Mr. M. H. Turner and Mr. H. J. Armstrong, of Messrs. Deacons, trustees of the estate of the late Sir Paul Chater, for costs against the Crown arising out of their successful appeal against conviction for permitting premises in Swatow Lane to be used as a brothel, was dismissed by the Chief Justice, Sir Atholl MacGregor, who sat with the Puisne Judge, Mr. Justice R. E. Lindsell, in the Full Court yesterday morning.

Mr. H. G. Sheldon, K.C., instructed by Messrs. Deacons, appeared for the applicants and the Crown was represented by Mr. J. B. Prentis, Assistant Crown Solicitor.

Counsel for the applicants, after quoting authorities to show that the Crown should pay costs when unsuccessful, went on to say that the general rule in England was that the Crown neither gave nor received costs, but he submitted, this could not be applied in Hongkong because of a provision which treated the Crown as an ordinary litigant, liable to receive or pay costs.

The discretion of the Court, said Mr. Sheldon, should be exercised in favour of his clients. They were trustees of an estate and the proceedings against them were entirely misconceived.

CROWN'S REPLY

The Assistant Crown Solicitor, replying, agreed that the Court had discretion in the matter but submitted that the general rule of the Court neither paying nor receiving costs should not be departed from.

Mr. Prentis also submitted that if the applicants chose to own property, whether in trust or otherwise, in an unsavoury neighbourhood, they could not be in a better position than that of an individual holding it in his own personal rights, for it would mean the Crown taking proceedings against trustees at its own peril.

The only occasion, concluded Mr. Prentis, in criminal proceedings where costs could be awarded against the Crown was where there was something malicious or oppressive in the conduct of the prosecution.

MOTION DISMISSED

In dismissing the motion, the Chief Justice said:

We are grateful to Counsel of both sides for the very careful and full arguments with which they have assisted us, but in our view the point for decision is really a simple one. We are dealing with criminal proceedings and an appeal from the decision of a Magistrate.

In our view there is no question whatever as to our power to award costs, either for or against the Crown in such proceedings, but there is, and long has been, a well-set rule of practice that in criminal matters on appeal no order as to costs is made unless in cases, happily rare, where the prosecution has been undertaken maliciously or oppressively.

In the case we are now considering, this is the only real point for consideration. The proceedings were taken under an Ordinance, the wording of which had given my Brother and myself considerable food for thought.

I can find nothing in the proceedings that savours either of oppression or of malice, and the view that I have formed is that there is no reason why this Court should depart from the well-set rule of practice. The motion is therefore dismissed.

The French Premier, Mr. Daladier, will prolong his vacation for an indefinite period. It is stated that developments do not require the Premier's presence in the capital—(T.O.).

A meeting of the European Y. M. C. A.'s Amateur Dramatic Club was held in the West Lounge of the "Y" yesterday to discuss casting of the A. D. C.'s production of the pantomime "Ali Baba" in December.

Sixty-one persons are required to fill the 18 principal parts, and to form a chorus of 30 adult voices and 15 juvenile. The principal boy will enact the role of Ali Baba the Woodcutter (soprano), and the leading lad is to be the Princess Morgiana (soprano), daughter of the Sultan of Baghdad.

Other principal parts are those of the Sultan of Baghdad (comedian), the Sultana Amina (contralto), Mahub the Robber Chief (baritone), and Prince Hamid Rasul (tenor), sutor to Morgiana.

The A. D. C. desires especially volunteers for the double part of Ozone the Camel, one part to be in front and the other behind, the latter part calling for a seasoned trouper, it is presumed as no intimation was given at yesterday's meeting in regard to who would ride the camel, whether the Robber Chief (and here an actor is desired of more than a camel-weight of mass and ferocity) or Ali Baba, or both.

SCRIPT READY

Mr. J. P. Allsopp, who was in the Chair, informed the meeting that the script for the play was ready, and that it was a very good script. There were to be more principal roles—16—than it was usual for the A. D. C. to allow of.

Captain V. Petherick will be Stage Manager, and Miss D. O'Keefe will be the dance-instructor. Major W. de B. Wood will produce the play.

Major Wood, in being called upon to address the meeting, gave voice to the enthusiastically received suggestion that he chose to "regard amateur theatricals as fun."

The scenery, Major Wood told the meeting, would comprise four full sets, and though this could be regarded as an ambitious move, the Stage Manager, Captain Petherick, had announced himself ready to meet it.

MORE OF MUSIC

Also, it was being planned for "Ali Baba" to make more of the music, and small orchestra of four or five persons was being contemplated.

The production of "Ali Baba" by the A. D. C., Major Wood promised, would be (and he acknowledged the word's American origin) "slick." It would be attuned to the correct amount of "swing" and "quickness."

The A. D. C. plan also one play before Christmas, probably in October, and another play after Christmas, probably in April. Plays that were suggested at yesterday's meeting, from which may be chosen for production in October, include "The Wind and the Rain" by Merton Hodge "Tons of Money" by Tom Walls "The Butler's Brew" by Alan Grainger, "Housemaster" by Ian Hay and "Rope."

**D.B.S. SCIENCE MASTER
GIVES EVIDENCE IN
KOWLOON MURDER CASE**

Committal proceedings against Chan Sang, Lai Yau and Yan Sang, alias Li Sang, on charges of murder, robbery, and possession of arms were continued before Mr. Q. A. A. Macdicken at Kowloon Court yesterday. Mr. J. B. Prentis, Assistant Crown Solicitor, is prosecuting.

Evidence was taken from Mr. G. S. Wilson, A.S.P. (Kowloon) in regard to identification parades held in connection with an armed robbery in Shanghai Street on May 30, from Det.-Insp. A. E. Carey, Chinese detective 354, and Mr. J. L. Youngs, B.Sc.

Mr. Youngs, who is Senior Science Master at the Diocesan Boys' School, gave evidence of his meeting an armed Chinese on the private road leading up to the Diocesan Boys' School about noon on May 30.

Hearing police whistles being blown, Mr. Youngs gave chase to the man, who fired at him first a single shot and then, when Mr. Youngs continued the chase, two more shots.

Mr. Youngs stated in evidence, "I was hurrying down the D.B.S. drive. When near the foot of the drive, I saw a man in Chinese dress running up the slope past me. I noticed he had a black cloth umbrella."

"When I came down the curve to the bottom, I heard a police whistle blowing. I turned back after the man. When about 60
